Upgradation of AI Ansab STP Odor Control Unit

Brief Scope of Work

- **OCU of New AI Ansab STP**
Upgrade existing OCU system to Bio-Trickling system handling new AI Ansab STP, including rehabilitation/Modification of unit, related equipment, and ducts.
- **OCU of Old AI Ansab STP**
Study, Design, Supply and Build two (2) new Bio-Trickling Odor systems along with ducting system and other related components. Where two units(OCU#1 & OCU#2), shall treat odors from Old AI Ansab STP divided into two zones.
- **Operation & Maintenance of upgraded and new OCU's** for Two (2) years, ensuring units are healthy and performing as required.
